# ICEP

## INFRASTRUCTURE CONGRESS and EXPO PHILIPPINES

**"The Philippines is now a Rising Tiger of Asia and will be #1 by 2050 in investment destination, a place with a good investment climate. It has strong fundamentals, good governance, lots of skilled workers that are educated and motivated"**

- World Bank

**"The Philippines would see a  
"Golden Age of Infrastructure"  
in the next six years."**

- Budget Secretary Benjamin Diokno

**"Duterte administration to spend  
P7Trillion for infra in next 6 years"**

- Department of Budget and Management

**"PH economy grew  
fastest in  
Southeast Asia"**  
- Moody's Analytics

**"Philippines  
reading  
'hundreds' of  
infrastructure  
projects"**

- Finance Secretary  
Carlos Dominguez

**The Philippines has a robust economy that experts all agree to be Asia's next tiger economy. The need for infrastructure development and connectivity within the archipelago and the promised continuity of the succeeding administration means that policies, investment roadmaps and the country's dynamic economic climate shall continue to move forward. ICEP shall bring the stakeholders together under one roof to network, to do trade and to learn.**

Zone Authority  
(PEZA)

Philippine Association  
of Water Districts  
(PAWD)

Public Private  
Partnership  
(PPP)

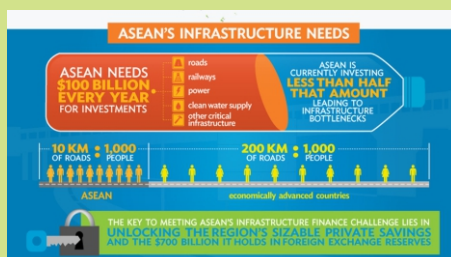

German - Philippine  
Chamber of Commerce  
and Industry

Safety Organization  
of the Philippines Inc.  
(SOPI)

The Philippines is a member  
state of ASEAN Infrastructure  
Fund - the largest ASEAN-led  
financial initiative.

\* Source : [www.adb.org](http://www.adb.org)

- Created by the ASEAN member states and ADB
- Addresses the region's critical infrastructure development needs, providing greater access to energy, clean water, sanitation and better transportation.
- Over the next decade ASEAN nations will require approximately \$60 billion a year to fully address the region's infrastructure needs
- ASEAN Infrastructure Fund's total lending commitment through 2020 is expected to be approximately \$4 billion

- With projected 70% co-financing by ADB, the Fund plans to leverage more than \$13 billion in infrastructure financing by 2020.
- It is the largest ASEAN-led initiative in the association's history.

## supporting the priority projects of the national government

### BRIDGES and ROADS

- **Santa Monica - Lawton – BGC Link Bridge** – cuts down the number of vehicles passing EDSA by 100,000
